What figurative language will I use in my poem? So that I entertain my reader/listener.			
	Feature	Definition	Examples
	rhyme	Words with the same end sound.	Night, kite, flight
	pathetic fallacy	Using weather and atmosphere to create mood.	Thunder clapped overhead: it was going to be a bad day.
	pun	A play on words.	You want a pizza me?
	personification	Describing an object as if it is a person or animal.	The sea is an angry dog.

What do I already know about poetry?
