Contents:

Statement of intent

1. Legal framework
2. Roles and responsibilities
3. Developing a stable careers programme
4. Using labour market information
5. Addressing the needs of pupils
6. Providing targeted support
7. Supporting pupils with SEND
8. Linking curriculum learning to careers
9. Enabling encounters with employers and alumni
10. Providing experience of the workplace
11. Enabling encounters with further education (FE) and higher education (HE)
12. Compliance with legal duties and statutory guidance
13. Monitoring and review

Statement of intent

The main aims of careers provision at St Osmund's Middle School are to:

- Prepare pupils for life post-education.
- Develop an understanding of different career paths and challenge stereotypes.
- Develop an understanding of the differences between school and work.
- Inspire pupils to chase and achieve their dreams.
- Help pupils to access information on a range of post-16 education and training opportunities.
- Offer targeted support for vulnerable and disadvantaged young people.
- Instil a healthy attitude towards work.

1. Legal framework

This policy has due regard to all relevant legislation and statutory guidance including, but not limited to, the following:

- Education Act 1997
- Education and Skills Act 2008
- Apprenticeships, Skills, Children and Learning Act 2009
- Equality Act 2010
- Children and Families Act 2014
- Technical and Further Education Act 2017
- The School Information (England) (Amendment) Regulations 2018
- DfE (2023) 'Careers guidance and access for education and training providers'

This policy operates in conjunction with the following school policies:

- Complaints Procedures Policy
- Provider Access Policy Statement
- Data Protection Policy
- Records Management Policy
- Child Protection and Safeguarding Policy

2. Roles and responsibilities

The governing board is responsible for:

- Ensuring that all registered pupils are provided with careers guidance in Years 7 and 8.
- Ensuring that arrangements are in place to allow a range of education and training providers to access all pupils and inform them about approved technical education qualifications and apprenticeships.
- Ensuring that the independent careers guidance is presented in an impartial manner, showing no bias or favouritism towards a particular institution, education or work option.
- Ensuring that the guidance includes information on the range of education or training options, including apprenticeships and technical education routes.
- Ensuring that the guidance that is provided promotes the best interests of pupils.
- Ensuring this policy does not discriminate on any grounds.
- Handling complaints regarding this policy as outlined in the school's Complaints Procedures Policy.
- Providing clear advice and guidance to the headteacher on which they can base a strategy for careers education and guidance which meets the school's legal requirements.

The careers leader is responsible for:

- Managing the provision of careers information.
- Taking responsibility for the development, management and reporting of the school's careers programme.
- Planning careers activities, managing the careers budget and, where necessary, and managing and coordinating other staff involved in the delivery of careers guidance.
- Establishing and developing links with employers, education and training providers, and careers organisations.
- Liaising with various parties, e.g. the headteacher and careers adviser implement and maintain effective careers guidance.
- Providing pupils with effective careers guidance and supporting social mobility by improving opportunities for all young people.
- Supporting teachers of careers education and tutors providing initial information and advice.
- Monitoring teaching and learning in careers education, and the access to and take up of career guidance.
- Advising senior leadership on policy, strategy and resources for careers education, information, advice and guidance (CEIAG).
- Preparing and implementing a development plan for careers education, information, advice and guidance (CEIAG).
- Reviewing and evaluating the programme of CEIAG.
- Using the [Gatsby Benchmarks](#) to improve the school's careers provision and ensure compliance with legal duties, with an ultimate aim to meet all benchmarks.
- Publishing details of the school's careers programme and a policy statement on provider access on its website.
- Ensuring that pupils with SEND understand their different career pathways, and enabling them to gain the skills, knowledge and experience they require to achieve their career goals.

Teaching staff are responsible for:

- Attending any relevant CPD or training to ensure they are up-to-date with the school's careers plan.
- Promoting careers guidance in the classroom through visual aids.
- Being good role models for their particular area of work or specialism.
- Creating a learning environment that allows and encourages pupils to tackle real life challenges, manage risks and develop skills that can be applied to the workplace.

3. Developing a stable careers programme

The school will have its own careers programme in place which meets the requirements of the eight Gatsby Benchmarks:

- A stable careers programme
- Learning from career and labour market information
- Addressing the needs of each pupil
- Linking curriculum learning to careers
- Encounters with employers and employees
- Experiences of workplaces
- Encounters with further and higher education

The programme will be reviewed each term against the benchmarks to ensure it remains on target.

The school will demonstrate how it is working towards each Gatsby Benchmark, as part of its careers summary, including the aims, objectives and activities provided for each year group.

Regular feedback from pupils, parents, teachers, governors and employers will be invited. Feedback will be used to contribute to the development of the school's careers programme to ensure it meets the needs of all pupils.

A careers leader will be appointed to ensure the leadership and coordination of a high-quality careers programme. The careers leader will be recruited alongside the suggested requirements to ensure the role is correctly fulfilled. The careers leader is Louisa Macnair.

The following will be published on the school's website:

- The name and contact details of the careers leader.
- A summary of the careers programme, including how information about the programme may be accessed.
- Details of how the school measures and assesses the impact of the careers programme on pupils.
- The date and review schedule of the careers information published.

The headteacher will work with enterprise coordinators to build careers and employer engagement plans to broaden the range of guidance that pupils have access to.

The school will work towards the [Quality in Careers Standard](#) to support the development of its careers programme, ensuring the programme is reviewed termly to ensure it is in line with the required standards.

4. Using labour market information

The school will ensure all requirements to meet 'Benchmark 2: Learning from career and labour market information' as outlined in the DfE's ['Careers guidance and access for education and training providers'](#).

The school will ensure every KS3 pupil, and their parents, has access to high-quality information about future study options and labour market opportunities. Pupils and their parents will be referred to an informed advisor to help them make best use of the information available.

The school will ensure pupils and their parents understand the value of finding out about the labour market, and support them in accessing this information. Pupils and their parents will be provided with information on the benefits of understanding the labour market, including the salaries and promotion opportunities for different jobs, and the volume and location of vacancies across different sectors.

Parents will be encouraged to access and use information about labour markets and future study options to inform their support to their children.

The school will make use of local enterprise partnerships to provide pupils with presentations and workshops on the local labour market and employer expectations. The information provided through the partnership will be used to shape career guidance and workshops in schools.

To support social mobility, the school will work to raise pupils' aspirations and tackle stereotypical assumptions. Interventions will be used to tackle gender stereotypes; arrangements will be made for pupils to talk to employees who work in non-stereotypical jobs to raise awareness of the range of careers that STEM qualifications lead to.

The school will use labour market information, such as job roles, pay and vacancies, to inform pupils about the trends and opportunities in each industry. Information about a diverse range of progression pathways will be shared with pupils, including technical routes, to strengthen their capacity to make effective choices.

5. Addressing the needs of pupils

The school will ensure all requirements to meet 'Benchmark 3: Addressing the needs of each pupil' as outlined in the DfE's ['Careers guidance and access for education and training providers'](#).

The school's careers programme will aim to raise the aspirations of all pupils whilst being tailored to individual needs. The programme will inform pupils of the range of opportunities available to them, encouraging them to aim higher and make choices relevant to what they feel they can achieve.

All forms of stereotyping will be prohibited in the careers advice and guidance that is provided, to ensure pupils of all genders, backgrounds and abilities can consider the widest possible range of careers. The school's careers programme will actively seek to challenge stereotypical thinking and raise aspirations.

The school will tailor careers activities and educational goals to the needs of each pupil, taking into account their prior knowledge and skills, the choices they may face, and any additional support they may need to overcome barriers to progression.

Comprehensive and accurate records will be kept to support the career development of individual pupils at all relevant stages of education, beginning from the first point of contact.

The school will collect and analyse destinations data to assess how well the careers programme is countering stereotypes and raising aspirations. The data will be reviewed by the headteacher and careers leader on a regular basis who can then base further development of the school's career guidance plan on the results and areas of success or failure.

6. Providing targeted support

The school will work with the LA, children's social care and VSHs to identify pupils who are in need of targeted support or those who are at risk of not participating in post-16 pathways, such as:

- LAC and PLAC.
- Care leavers.
- Pupils from Gypsy, Roma and Traveller backgrounds.

Agreements will be made on how these pupils can be referred for support drawn from a range of education and training support services available locally. The school will share the relevant data on these pupils with the LA and local education and training providers where support costs may be required, such as care leavers and pupils who are eligible for FSM.

7. Supporting pupils with SEND

The school will ensure that careers guidance is differentiated, if appropriate, and based on high aspirations and a personalised approach. The SEND local offer will be utilised; annual reviews for a pupil's EHC plan will be informed by good careers guidance.

The careers leader will work closely with the SENCO and other staff to support pupils with understanding different career pathways and how to develop the necessary skills, knowledge, experience and qualifications to succeed and fulfil their potential. The school will work with families of pupils to help them understand what career options are available.

Careers guidance will take account of the full range of relevant education, training and employment opportunities. It will inform pupils about the ways employees with SEND are supported in the workplace. Guidance will focus on a pupil's career aspirations and the post-16 options which are most likely to give the pupil a pathway into employment or HE.

The school will build partnerships with businesses and other employers, employment services, and disability and other voluntary organisations. Pupils will be prepared for encounters with employers and provided with any special support that will allow them to benefit fully from the experience.

Pupils with SEND will have the opportunity to hear from adults with disabilities who have succeeded in their careers as part of the school's successful careers strategy.

8. Linking curriculum learning to careers

The school will ensure all requirements to meet 'Benchmark 4: Linking curriculum learning to careers' as outlined in the DfE's ['Careers guidance and access for education and training providers'](#).

The school will work to encompass careers education and guidance into subjects across the curriculum. All teachers will be asked to support the career development of young people in their role and through their subject teaching. Teachers with industry experience will play a part in building careers guidance into the curriculum.

English, Maths, Science and PSHE planning will include reference to careers application in these subjects.

9. Enabling encounters with employers

The school will ensure all requirements to meet 'Benchmark 5: Encounters with employers and employees' as outlined in the DfE's ['Careers guidance and access for education and training providers'](#).

The school will engage with local employers, businesses and professional networks, inviting visiting speakers, particularly alumni with whom pupils can relate to.

Every year, from the age of 11, pupils will participate in at least one meaningful encounter with an employer; at least one of these encounters will be with a STEM employer or workplace. These encounters will include:

- Careers events such as careers talks, careers carousels and careers fairs.
- Employer delivered employability workshops.
- Employer encounters with parents.
- Employer involvement in the curriculum.

The school will work with an Enterprise Advisor, who will enhance connections to the labour market.

The careers programme will have a strong employer focus, allowing pupils to meet with sector representatives and businesses, to gain insights into a range of industries and sectors. This will include the opportunity to learn about the entrepreneurial skills needed for certain types of self-employment. Pupils will have the opportunity to meet those who have followed a variety of pathways into employment.

10. Providing experience of the workplace

The school will ensure all requirements to meet 'Benchmark 6: Experiences of workplaces' as outlined in the DfE's ['Careers guidance and access for education and training providers'](#).

Where required and appropriate, virtual experiences of the workplace will be used to complement the in-person experience.

The school will encourage pupils to experience a variety of workplaces and support them to plan for, reflect upon, and learning from these experiences.

11. Enabling encounters with further education (FE) and higher education (HE)

The school will ensure all requirements to meet 'Benchmark 7: Encounters with further and higher education' as outlined in the DfE's '[Careers guidance and access for education and training providers](#)'.

The school will ensure all pupils understand the requirement to remain in education or training until their 18th birthday and what this requirement means for them. The school will ensure pupils are aware that this does not mean they need to stay in school, and that they may:

- Study full time in a school, college or with a training provider.
- Undertake an apprenticeship, traineeship, or supported internship.
- Work or volunteer 20 hours or more a week, combined with part-time accredited study.

The school will provide pupils with a range of information and opportunities to learn about the academic and technical pathways for education, training, and career paths throughout their school life.

Pupils will be encouraged to use information tools, such as websites and apps, which display information about opportunities, such as the National Careers Services' [Find a Course](#). Education and training providers will have access to all pupils in Year 8 for the purpose of informing them about approved technical education qualifications and apprenticeships.

The school will ensure that there are opportunities for providers to visit the school and speak to pupils in Year 8.

12. Compliance with legal duties and statutory guidance

Where someone has a complaint about the school's careers provision, such issues will be handled locally in accordance with the school's Complaints Procedures Policy. All complaints will be easy to submit and considered impartially.

Under Section 42B of the Education Act 1997 and the Skills and Post-16 Education Act 2022, the school has a duty to provide pupils in Year 8 with access to providers of post-14, post-16 and post-18 education and training. This will provide pupils with additional information about approved technical qualifications and apprenticeships, enabling them to build a picture of the kind of training that may suit them best, ultimately reducing the risk of them dropping out of courses.

The school will be clear on the following:

- Who is to be given access to pupils
- Which pupils access will be given to
- How this will happen and when

The school will ensure that providers provide the following information to pupils and parents:

- Information about the provider and the technical qualifications and apprenticeships that they offer

- Information about the potential careers to which those technical qualifications or apprenticeships might lead
- What learning and training with them is like
- Any answers to questions that pupils and parents may have

The school will ensure that provider visits are available to all pupils in the relevant year group and will not do anything which may limit the ability of pupils to attend. The school will not, under any circumstance, restrict invitations to selected groups of pupils or hold events outside of normal school hours.

The school will prepare a policy statement which sets out the circumstances in which education and training providers will be given access to students. This policy statement will be published on the school website and will include:

- Details on how the school will meet the legal requirement to provide six encounters with providers between Year 8 and 13.
- Any procedural requirements in relation to requests for access, e.g. the main point of contact at the school to whom requests should be directed.
- Grounds for granting and refusing requests for access, e.g. details of timetabled careers lessons, assemblies or careers events which providers may attend.
- Details of premises or facilities to be provided to a person who is given access, e.g. rooms and resources.
- How the school will work with each visiting provider.
- A list of providers who have previously visited the school.
- Details about live online encounters with providers.
-

13. Monitoring and review

The governing board, in conjunction with the headteacher and careers leader, will review this policy on a regular basis, taking into account the success of supporting pupils in accessing post-16 education and training. The headteacher will make any necessary changes to this policy, and will communicate these to all members of staff.

The next review date for this policy is September 2024.
